## ABOUT ME

I'm a Catholic novelist, blogger and graphic designer with a past history in the occult. I have been blogging for over 10 years across several different blogs. In addition to blogging, I write Catholic friendly paranormal fiction and religious booklets for my Etsy shop. I also design prayer cards and other PDFs, and have recently started my own epublishing company, St. Joan's Press. I have been interviewed on podcasts, internet TV and local radio. I have my own YouTube channel and love doing media so please reach out via email to [contact@barbaragraver.com](mailto:contact@barbaragraver.com) if you think I might be a good fit for your show.

## ABOUT MY BLOGS

BARBARAGRAVER.COM  
PRACTICALDEMONOLOGY.COM

I started blogging in 2010 with the popular metaphysical blog, The Mystic Review. After returning to Christianity, in 2017, I shut down the Mystic Review and I tried a few different blog ideas before deciding to blog about Catholic and Catholic friendly books, writing and aspects of the faith at BarbaraGraver.com. In 2021 I started a second blog where I could share some of my research and experience on slightly darker topics. This second blog at PracticalDemonology.com has quickly become the most widely read.

# MY ETSY SHOP

## CATHOLIC BOOK AND CARD

I started my etsy shop in 2020 during the COVID19 lockdown. I began by creating printable prayer cards using traditional Catholic prayers and artwork and then branched out into prayer pamphlets and coffee mugs. I am hoping to add at least one of ebooks to the shop when it is finished, if it is not too dark.

## UPCOMING FICTION

### CATHOLIC PARANORMAL FICTION

The old Mayfield Farm seemed like the perfect home for Annabel and Michael Reilly's young family, up until they discover the small overgrown cemetery at the edge of the woods. For Annabel, who chased ghosts all through high school and once dreamed of being a PA Paranormal investigator, the voices she records at the old cemetery are fascinating. For Michael, however, there is something sinister about the spot right from the start.

## DREAMS OF DARK & LIGHT

### A TESTIMONY

Most dreams reflect our everyday thoughts and worries. But some dreams are more than that. So much more in fact that they can have far reaching effects on our waking life - in good ways and in bad. Or at least that was the case for me. In "Dreams of Dark & Light" I tell the story of my deep dive into the occult, my eventual return to the Catholic faith and the dreams that played a big part in my experience.. Available in early 2023.
