MY BLOG AND PODCAST

I started blogging and podcasting in 2010 with the popular metaphysical blog and internet radio show, "The Mystic Review." In 2017, I renounced the New Age and occult, shut down the website and began to make my way back to my Catholic Faith. I now talk about faith, occultism and more on my new blog and podcast. The blog is at BarbaraGraver.com/blog. The podcast, "New Age To Catholic," can be found on most popular podcast apps - and on my website, podcast page and YouTube channel. A PDF of my testimony is available for free download on my website. You can also listen to my testimony in the first few episodes of the podcast and on my YouTube channel.
